HOMOLOGATION NUMBER (IF APPLICABLE)

PURPOSE OF THE REQUEST

12.2.2 Pit Stop Procedure
d) Intervention

Tyre changing must be done with the help of at most two wheel guns (pneumatic only). At any time during pit stop operations, wheels cannot be left unattended. Detached wheels must always be either carried by a person(s) or laid flat on the ground.

As the team is running with only one fuel rig for two cars, we would like to request, if for the initial mounting of tyres to the car at the start of a session (Practice and Qualifying) the use of two electrical wheel guns in the working area for one the cars might be permitted?
