PURPOSE OF THE REQUEST

From Article 14.6.1 it is my understanding that the Pit Lane will remain open during the SC intervention, I assume this is also during the first 3 laps of the SC intervention.

In article 14.6.7 it states that a car may not stop at its pit box during the first three laps of the SC intervention when the SC is using the Pit Lane. This was the case in previous years when pitting under SC was not permitted during the first 3 laps of SC intervention regardless of whether the SC was using the pit lane or not.

My question is whether this point of article 14.6.7 is valid or if it has been accidentally overlooked. Will pitting be allowed under SC during the first 3 laps of SC intervention when the SC is using the pit lane?

Thank you for taking the time to review.
