PURPOSE OF THE REQUEST

The current Sporting Regulations article 6.5.6 states "No equipment for warming the tires or keeping them up to temperature are allowed". As per the conversations led through WEC 2022 Sporting Working Group related to TYRE HEATING, please amend the regulations, in order to avoid eg. rim heating or other creative interpretation related to adjusting the tyre temperature, resulting from the current rule composition.

Due to the efforts to keep the rules between WEC, ELMS and ALMS as aligned as possible, please consider following the amendments done to the tyre heating rule with WEC SR's (article 6.5.5), which defines the place for storing the tyres and further restrictions related to tyre temperature management.
