**16. Publication of the classifications and other communications:**

All communications as well as the Provisional and Official Results will be published electronically via email from the Secretary of the Meeting to the Championship Coordinators, who are then responsible for the onward communication to their teams.

### **17. Protests:**

The FIA International Sporting Code is applicable for protests and appeals. Any protests should be made in accordance with the rules. If not specified in the relevant championship regulations, the National Protest fee is AED 1,500 and the National Appeal fee is AED 7,500.

### **18. Insurance:**

All competitors are insured in respect of Third-Party Public liability during the event. They are strongly advised to make their own arrangements with regard to personal accidental injury cover and cover for damage to their vehicles and those of other competitors taking part.

### **19. Starting Position:**

Pole position is as per the circuit license.

Standing starts: pole RIGHT

Rolling starts: pole LEFT

The specific format for the events and qualification for races will be set by the Sporting Regulation of each series.

19.1. Grids: Should the number of starters of any race during the event exceed 30 the Stewards may split the grid into two separate races on the grounds of safety.

### **20. Safety Car:**

Should the use of a Safety Car be deemed necessary in the event of an incident, the circuit Light Panels will be illuminated with 'SC' & yellow flags and SC boards will be displayed at marshal posts. Once the incident is cleared and the circuit deemed safe to run, the roof lights on the safety car will be extinguished after either turn 5 (for races starting at the support grid) or turn 9 (for races starting at the main grid). This shall be the signal that the safety car will be entering pit lane at the end of that lap. From this point the leader dictates the pace. At the moment the Safety Car enters the pits the SC signals will be replaced by a green flag at the Line, but overtaking is still prohibited. The racing will recommence from the Line.

### **21. Pit Lane Speed Limit:**

The Pit Lane speed limit is 60 kph for all series. The speed limit will be enforced between the Pit Entry (speed limit board and white line across the track) and Pit Exit ("End of Speed Limit" board and white line across the track). The speed limit at main pits extends from Pit In beyond the Pit Out point through the tunnel to the white line marked on the track next to Marshal Post P3.

### **22. Fuel**

#### **Asian Le Mans**

The official fuel is Total Energies Racing Fuel as indicated by Asian Le Mans Endurance Management. This is the only fuel that is allowed.
