PURPOSE OF THE REQUEST

Dear Committee ,

As a returning team in ASLMS after a few years I would like a few precision about pit stop during the race.

I understand we have a total pit stop time to respect (RPST).
In this oit stop time ref it mentioned a fixed refuelling time and a fixed tire change time.

Will there be a separate time for each operation to respect or does only the total stop time matters?
And if yes could I have the times from last year as reference so we can plan accordingly.

I already have the RPST for sepang last year at 100 sec.

COMMENTS (TO BE COMPLETED BY THE COMMITTEE)

For the 2024-2025 season, the pit stop reference time will apply for LMP3 only, as per Article 14.4.1 of the Sporting Regulations.

The pit stop reference time will be shared to the competitors by the Race Director as a time to be respected between pit entry loop and pit exit loop (or other references that will be detailed during the Race Director briefing). The pit stop reference time will not be split or detailed by operation.

PERIOD OF VALIDITY/APPLICATION OF THE DECISION

This decision comes into effect:
